

BIBLIOGRAPHY OF Allen D. Allen

Over a quarter century of publications in science and medicine

Illustration from *Psychology Today's* review of Allen AD: "Scientific versus judicial fact finding in the United States." Originally published in the peer-review journal *IEEE Trans Syst, Man, Cybern* 1972;SMC-2:548-50. Used with permission.

CHRONOLOGICAL LISTING

Allen AD: Comments on “A theory of visual pattern perception.” *IEEE Trans Syst, Man, Cybern* 1971;
SMC-1:388-9.

Allen AD: Patterns in motion. *IEEE Trans Syst, Man, Cybern* 1972;**SMC-2**:93-7.

Allen AD: Scientific versus judicial fact finding in the United States. *IEEE Trans Syst, Man, Cybern*
1972;**SMC-2**:548-50. Reviewed in: *Psychology Today* (Newsline) April 1973:85-8;*American Bar
Association Journal* February 1974:234-5.

Allen AD: A method for evaluating technical journals on the basis of published comments through fuzzy
implications: a survey of the major IEEE transactions. *IEEE Trans Syst, Man, Cybern* 1973;**SMC-3**:422-25.

Allen AD: The bootstrap from the perspective of formal logic. *Found Physics* 1973;**3**:473-75.

Allen AD: Measuring the empirical properties of sets. *IEEE Trans Syst, Man, Cybern* 1974;
SMC 4:66-73. Reviewed in *Behavior Today*.

Allen AD: Correcting the concept of denseness for the bootstrap. *Int J Theor Physics*
1974;**9**:219-24.

Allen AD: Physical bases for a new theory of motion. *Found Physics* 1974;**4**:407-12.

Allen AD: Rotational solutions under the new theory of motion. *Int J Theor Physics*
1974;**11**:317-19.

Allen AD: Comments on “A quantitative theory of criminal justice” —Walking the line in
societal engineering. *IEEE Trans Syst, Man, Cybern* 1975;**SMC-4**:300-3.

Allen AD: The doctors versus the lawyers. *Connect Med* 1975;**39**:112-13.

Allen AD: The challenge of cryptography. *IEEE Trans Syst, Man, Cybern* 1976;**SMC-6**:64-5.

Allen AD: The big bang is not needed. *Found Physics* 1976;**6**:59-63.

Allen AD: A testable Noyes-like interpretation of Panarella’s effective-photon theory. *Found Physics*
1976;**7**:609-15.

Allen AD: The practical speed of light in real experiments. *Spec Sci Tech* 1978;**1**:465-68.

Allen AD: On the possibility of charged photons. *Spec Sci Tech* 1979;**2**:9-62.

Allen AD: Additional comments on Zapffe’s paper. *Spec Sci Tech* 1980;**3**:486-87.

Allen AD: Fire of confusion. *Spec Sci Tech* 1980;**3**:496-98.

Allen AD: Refutation of Newton’s theory of gravitation: a parody. *Spec Sci Tech* 1980;**3**:456-59.

Allen AD: The review process —A private correspondence. *Spec Sci Tech* 1980;**3**:620-27.

Allen AD: Book review of Aspden H: *Physics Unified. Spec Sci Tech* 1981;**4**:579-80.

Allen AD: Some necessary conditions for consciousness, memory as a sixth sense, and related matters. *Spec Sci Tech* 1981;**4**:441-45.

Allen AD: An explanation of the necessary and sufficient conditions for proving Fermat's last "theorem." *Spec Sci Tech* 1983;**6**:91-2.

Allen AD: Fractals and quantum mechanics. *Spec Sci Tech* 1983;**6**:165-70.

Allen AD, Tilkian SM: Depression correlated with cellular immunity in systemic immunodeficient Epstein-Barr virus syndrome (SIDES). *J Clin Psychiatry* 1986;**47**:133-35.

Allen AD: Allen replies. *J Clin Psychiatry* (lett) 1986;**47**:529-30.

Pitts FN, Jr., Allen AD: Clinical improvement of two patients with T-lymphotropic retrovirus diseases after polio vaccine hyperimmunization. *Clin Immunol Immunopath* 1987;**43**:277-80.

Allen AD, Pitts FN, Jr., Allen RE, et al: Lake Tahoe mystery disease. *Science* (lett) 1987; 6 Feb:623.

Allen AD, Fudenberg HH, Allen RE: Affective disorder and viral infections. *Arch Gen Psychiatry* (lett) 1987;**44**:760.

Fudenberg HH, Allen AD, Pitts FN, Jr., Allen RE: Epstein-Barr virus and depression. *Am J Psychiatry* (lett) 1987;**144**:1374.

Allen AD: Modeling AIDS and its treatment with immunostimulation. *Med Hypoth* 1987;**26**:55-8.

Pitts FN, Jr., Allen RE, Haraszti JS, Allen AD: Improvement of four patients with HIV-1 related symptoms after hyperimmunization with killed poliomyelitis vaccine. *Clin Immunol Immunopath* 1988;**46**:167-8.

Allen AD: Creation, evolution, and biological psychiatry. *Biol Psychiatry* (lett) 1988;**23**:209.

Allen AD: Time dilation and the spatial interval for which dx/dy is speed. *Physics Essays* 1988;**1**:77-8.

Allen AD: Work done on photons during refraction: improved symmetry from a more consistent expression for photon energy. *Physics Essays* 1988;**1**:82-4.

Allen AD: Is RA27/3 rubella immunization a cause of chronic fatigue? *Med Hypoth* 1988;**27**:217-20.

Allen AD, Ruff MR, Pitts FN, Jr.: Human immunodeficiency virus-neutralizing serum samples in healthy control subjects with resolved subacute cutaneous lupus erythematosus. *Arch Dermatol* (Vignette)1988;**124**:1724-25.

Allen AD: The realities of tobacco addiction. *J Clin Psychiatry* (lett) 1989;**50**:148.

Allen AD: Intractable atopic eczema suggests major affective disorder: poor parenting is secondary. *Arch Dermatol* (lett) 1989;**125**:567-68.

Allen AD, Pitts FN, Jr., Allen RE: Arm cutting and glucose level in depression. *Am J Psychiatry* (lett) 1989;**146**:680-81.

Pitts FN, Jr., Allen RE, Allen AD: Antibodies to the early antigen of the Epstein-Barr virus in relation to major depression. In: Miller AH, Ed.: *Depressive Disorders & Immunity*. American Psychiatric Press, Washington DC, 1989.

Allen AD: Making moral decision on a double-blinded drug trial in progress without breaking the code: a primer on posterior analysis. *Med Decis Making* 1989;**9**:207-16.

Allen AD: Speaking of peer review. *Arch Dermatol* (lett) 1989;**125**:1001-2.

Allen AD: Chebyshev's theorem can provide some meaning to commercial laboratory reports. *Med Decis Making* (lett) 1989;**9**:300.

Allen AD: Left-right spatial agnosia and other mental defects that characterize clinical researchers. *Med Hypoth* 1990;**31**:115-20.

Mathisen GE, Allen AD: Changes in cutaneous Kaposi's sarcoma in a patient infected with the human immunodeficiency virus: follow-up to a controlled hyperimmunization trial. *Arch Dermatol* (Vignette)1990;**126**: 833-34.

Allen AD: A less arbitrary method for inferring cause and effect. Proceedings of the 1990 International Conference on Systems, Man, and Cybernetics, Los Angeles, CA, November 4-7, 1990. IEEE Press, New York NY.

Allen AD: Randomized emulation of empirical systems. Proceedings of the 1990 International Conference on Systems, Man, and Cybernetics, Los Angeles, CA, November 4-7, 1990. IEEE Press, New York NY.

Allen AD: A less arbitrary method for inferring cause and effect: generalization of a medical model. *IEEE Trans Syst, Man, Cybern* 1991;**21**:339-46.

Allen AD: A computer simulation of the natural history of HIV infection: insights and implications. *Med Hypoth* 1991;**35**:122-25.

Mathisen GE, Allen AD: Inactivated polio vaccine hyperimmunization in adults with HIV disease: a placebo controlled study. *AIDS* 1992;**6**:737-51.

Allen AD: Debunking Mermin's contraption. *Physics Essays* 1992;**5**:178-9.

Allen AD: Lymphocyte counts versus percentages. *Am J Hematol* 1993;**42**:409.

Allen AD, Mathisen GE: A pilot study on the use of self-mononuclear cell vaccines for tertiary prevention in early HIV disease. *AIDS* 1993;**7**:743-44.

Allen AD, Mathisen GE, Glover N, Au J: HIV and AIDS. *Science* (lett) 1993;**260**:1706-7.

Allen AD, Mathisen GE, Glover N, Au J: Immunization against the HIV-associated, anti-self, anti-CD4,cytotoxic T lymphocyte (ASCTL). *AIDS* 1993;**7**:1130-1.

DeLeon-Jones F, Allen AD, Chriss D: Advising AIDS patients who participate in clinical trials. *AIDS Patient Care* Feb 1994:33-34.

Allen AD, Mathisen GE, Leader W, Slattery M: T cell homeostasis in HIV infection: new evidence. *J AIDS* 1994;**7**:627.

Allen AD, Hart DN, Hechinger MJ, Slattery MJ, Chesson CV, Vidikan P: Leukocyte adhesion molecules as a cofactor in AIDS: Basic science and pilot study. *Med Hypoth* 1995;**45**:164-68.

Allen AD, Hillis TJ, Vidikan V, Beer VL: Pitfalls in the use of surrogate markers for HIV disease: further evidence on pathogenesis. *Med Hypoth* 1996;47:27-30.

Allen AD: A coin-tossing experiment that demonstrates stochastic interactions between statistically independent events. *Physics Essays* 1988;11:579-584.

Allen, AD: A novel use of very long baseline interferometry to photograph past events for stellar and planetary sciences: Implications for basic theory. *Physics Essays* 1998;11:132-136.

Allen AD: Deconstructing the natural units. *Physics Essays* 2001;14:4-5.

Allen AD: Time moves backward (relative to near-Earth telescopes) for receding galaxies. *Physics Essays* 2006;19:649-651.

Allen AD: Nuanced relativity: the general equation. *Physics Essays* 2007;20:42-45.

Allen AD: There is no horizon problem: Statistically independent waves from the cosmic microwave background. *Physics Essays* 2009;22:171-172.

Allen AD: The age of the Universe is twice the standard estimate. *Physics Essays* 2009;22:344-347.

Allen AD: Frame dragging on flybys. *Physics Today* 2010;63:8.

LETTERS TO SCIENCE NEWS

Allen AD: Epstein-Barr a causative cofactor. 3 May 1986.

Allen AD, Mathisen GE: Staying alive. 17 March 1990.

Allen AD: Beautiful computer-generated faces. 21 July 1990.

Allen AD: Vexing vaccines. 12 Oct 1991.

Allen AD: No free lunch. 19 Oct 1991.

SCIENCE

PHYSICS

Allen AD: The bootstrap from the perspective of formal logic. *Found Physics* 1973;**3**:473-75.

Allen AD: Correcting the concept of denseness for the bootstrap. *Int J Theor Physics* 1974;**9**:219-24.

Allen AD: Physical bases for a new theory of motion. *Found Physics* 1974;**4**:407-12.

Allen AD: Rotational solutions under the new theory of motion. *Int J Theor Physics* 1974;**11**:317-19.

Allen AD: The big bang is not needed. *Found Physics* 1976;**6**:59-63.

Allen AD: A testable Noyes-like interpretation of Panarella's effective-photon theory. *Found Physics* 1976;**7**:609-15.

Allen AD: The practical speed of light in real experiments. *Spec Sci Tech* 1978;**1**:465-68.

Allen AD: On the possibility of charged photons. *Spec Sci Tech* 1979;**2**:9-62.

Allen AD: Additional comments on Zapffe's paper. *Spec Sci Tech* 1980;**3**:486-87.

Allen AD: Book review of Aspden H: *Physics Unified*. *Spec Sci Tech* 1981;**4**:579-80.

Allen AD: Fractals and quantum mechanics. *Spec Sci Tech* 1983;**6**:165-70.

Allen AD: Time dilation and the spatial interval for which dx/dy is speed. *Physics Essays* 1988;**1**:77-8.

Allen AD: Work done on photons during refraction: improved symmetry from a more consistent expression for photon energy. *Physics Essays* 1988;**1**:82-4.

Allen AD: Debunking Mermin's contraption. *Physics Essays* 1992;**5**:178-9.

Allen AD: A coin-tossing experiment that demonstrates stochastic interactions between statistically independent events. *Physics Essays* 1988;**11**:579-584.

Allen AD: A novel use of very long baseline interferometry to photograph past events for stellar and planetary sciences: Implications for basic theory. *Physics Essays* 1998;**11**:132-136.

Allen AD: Deconstructing the natural units. *Physics Essays* 2001;**14**:4-5.

Allen AD: Time moves backward (relative to near-Earth telescopes) for receding galaxies. *Physics Essays* 2006; **19**:649-651.

Allen AD: Nuanced relativity: the general equation. *Physics Essays* 2007;**20**:42-45.

Allen AD: There is no horizon problem: Statistically independent waves from the cosmic microwave background. *Physics Essays* 2009;**22**:171-172.

Allen AD: The age of the Universe is twice the standard estimate. *Physics Essays* 2009;**22**:344-347.

Allen AD: Frame dragging on flybys. *Physics Today* 2010;**63**:8.

SYSTEMS SCIENCE

Allen AD: Comments on “A theory of visual pattern perception.” *IEEE Trans Syst, Man, Cybern* 1971;**SMC-1**:388-9.

Allen AD: Patterns in motion. *IEEE Trans Syst, Man, Cybern* 1972;**SMC-2**:93-7.

Allen AD: A method for evaluating technical journals on the basis of published comments through fuzzy implications: a survey of the major IEEE transactions. *IEEE Trans Syst, Man, Cybern* 1973;**SMC-3**:422-25.

Allen AD: Measuring the empirical properties of sets. *IEEE Trans Syst, Man, Cybern* 1974;**SMC-4**:66-73.
Reviewed in *Behavior Today*.

Allen AD: Comments on “A quantitative theory of criminal justice” —Walking the line in societal engineering. *IEEE Trans Syst, Man, Cybern* 1975;**SMC-4**:300-3.

Allen AD: The challenge of cryptography. *IEEE Trans Syst, Man, Cybern* 1976;**SMC-6**:64-5.

Allen AD: A less arbitrary method for inferring cause and effect. Proceedings of the 1990 International Conference on Systems, Man, and Cybernetics, Los Angeles, CA, November 4-7, 1990. IEEE Press, New York, NY.

Allen AD: Randomized emulation of empirical systems. Proceedings of the 1990 International Conference on Systems, Man, and Cybernetics, Los Angeles, CA, November 4-7, 1990. IEEE Press, New York NY.

Allen AD: A less arbitrary method for inferring cause and effect: generalization of a medical model. *IEEE Trans Syst, Man, Cybern* 1991;**21**:339-46.

SCIENTIFIC COGNITION

Allen AD: Scientific versus judicial fact finding in the United States. *IEEE Trans Syst, Man, Cybern* 1972; **SMC-2**:548-50. Reviewed in: *Psychology Today* (Newsline) April 1973:85-8; *American Bar Association Journal* February 1974:234-5.

Allen AD: Fire of confusion. *Spec Sci Tech* 1980;**3**:496-98.

Allen AD: Refutation of Newton’s theory of gravitation: a parody. *Spec Sci Tech* 1980;**3**:456-59.

Allen AD: The review process —A private correspondence. *Spec Sci Tech* 1980;**3**:620-27.

Allen AD: Speaking of peer review. *Arch Dermatol (lett)* 1989;**125**:1001-2.

Allen AD: Left-right spatial agnosia and other mental defects that characterize clinical researchers. *Med Hypoth* 1990;**31**:115-20.

MISCELLANEOUS

Allen AD: Some necessary conditions for consciousness, memory as a sixth sense, and related matters. *SpecSci Tech* 1981;**4**:441-45.

Allen AD: An explanation of the necessary and sufficient conditions for proving Fermat's last "theorem." *SpecSci Tech* 1983;**6**:91-2.

MEDICINE

PSYCHIATRY

Allen AD, Tilkian SM: Depression correlated with cellular immunity in systemic immunodeficient Epstein-Barr virus syndrome (SIDES). *J Clin Psychiatry* 1986;**47**:133-35.

Allen AD: Dr. Allen replies. *J Clin Psychiatry* (lett) 1986;**47**:529-30.

Allen AD, Pitts FN, Jr., Allen RE, et al: Lake Tahoe mystery disease. *Science* (lett) 1987; 6 Feb:623.
